

The 2021 Birthday Project

Pattern Instructions:

1. Print this file. It is scaled for the "letter" paper size, which is 8.5x11 inches, or 21.5x28 centimeters.
2. Place a ruler on the scale above the pattern. If it lines up with the scale, you're good to go. If not, you may have to enlarge or reduce the size of your printout accordingly.
3. Decorate the "petals" of the shape in any way you wish.

Next, do one of the following:

- a. Print the finished design onto a sticky-back transparency (any copy shop will be able to do that). Mail the transparency to Ferreira Fest (send an email for the mailing address).
- b. Scan the finished design and email the image file to Ferreira Fest.
